SAMUEL GRISWOLD, ESQ.,

DEAR SIR,—In your paper of the 8th instant, where you were pleased to draw attention to the business of the National Life Insurance Company of the United States of America, the figures got into wrong positions in stating the number of policies at 4,179, the correct number as there, but they should have been placed so as to read 4,191, that being the number of policies issued by the Company previous to May 1st. At this date (May 14) the number issued is 5,025, insuring $14,194,500.

Thanking you for your uniform courtesy, and for the candid manner in which you have written of the National, I remain, yours respectfully,

PIANO-FORTES.

The last new addition to our different styles is attracting the admiration of both critics and populace. We mention specially, some of the claims of this new *Piano*. Believing the exterior should be as beautiful to the eye as melody to the ear, we have paid great attention to getting them up in a style that is conceded by all who have seen them to be the handsomest Piano-Fortes made. They are entirely new style, with four round corners, bearing carved legs and lyre, have visible tuning pin and contains our latest improved sun proof action. The tone is melodious, and its adaptability to passages of every shade of expression, from the softest murmur, the Crescendo, and the FF, gives the master ear every advantage of the Concert grand.—Price $500.

THE CELEBRATED WATERS Plain, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

### WHY IS IT?

The decision of the Supreme Court of North Carolina against the constitutionality of certain Railroad appropriations was written some time last week, and we have anxiously awaited its publication, so that the people might have information on the subject; but up to yesterday it had not been published in Raleigh. Why has this opinion been withheld by the Court? In the meantime, the "ring" is operating in the sale of illegal bonds, and we fear that some of the Sheriffs have already commenced collecting the illegal special Railroad tax. The decision of the Court, it is understood, will save the people from a large part, if not all, the special Railroad tax, levied by the Legislature.

### The Township Elections.

We would call the attention of the tax paying community, says the Raleigh *Sentinel*, to the approaching township elections, and urge upon them the importance of taking steps to fill the offices in their townships with men of prudence and judgment. Already are our people burdened with taxation—a taxation beyond anything they have ever been called on to bear in the past. So heavy is the burden that many are compelled to forego, even, many of the necessaries of life, in order to save from the Sheriff's hammer the little remnant that the wreck of the times has left them. And yet, when these township Courts are elected and organized, they will have the power, under existing laws, to lay taxes for various purposes, and should the offices be placed in the hands of illiterate, irresponsible men, who, have little or no property interest to be protected, they will recklessly add to the burdens that are already almost too intolerable to be borne.

We repeat what we have said heretofore, the selection of candidates for these township offices should no be made in reference to party affiliation, but with regard to fitness and fitness only, for the offices to be filled. These officers will not only have it in their power to increase the burdens of the people in regard to taxation, but they will constitute the tribunal for the adjustment of a large portion of the local difficulties that may arise among the people, and, therefore, they should be men of moderation, having feelings and interests in common with those whose welfare and peace will, to so great an extent, be placed in their hands.

The idea of making these offices rewards for partizan efforts in political campaigns ought to be discarded. To make them such would instill into the organization, at the start, an element of partiality that would go far to impair their power of effecting good, and have a tendency to make them instruments of discord and oppression within their jurisdictions.

Then let the people of the various townships begin in time—and the time now is short—to look about them and consult in regard to the filling the township offices with men qualified for the important and responsible duties they involve.

CUBA.—It is reported at Washington that General Sickles, the new United States Minister to Spain, has received instructions to enter into negotiations for the purchase of Cuba. This plan, it is urged, will relieve Spain from a devastating war which must be waged before the rebels can be subdued, and will also aid the United States in solving the difficult question now presented for determination.

A novelty in silks is a new color recently imported for dinner dresses called *coral*. It is very brilliant in gaslight, resembling a delicate shade of flame color with light and dark flashes. One peculiarity of this coral tinted silk, commending it to all is that it becomes both blonde and brunette, which can be said of very few colors. Only eight dollars a yard.

### The Masonic Brotherhood.

The following incident, illustrating the Masonic Brotherhood, we extract from an oration delivered by Brother Thomas E. Garret, at the recent opening of the new hall in St. Louis:

Much is said and surmised about the peculiar nature of our ties of brotherhood, which, to the world, appear so mysterious, so enduring and so strong. To many, their universality and binding force are inconceivable. They cannot be fully explained except within the secret recesses of the lodge; but I may be permitted to give a simple illustration of the true spirit of Masonic Brotherhood, which came under my personal notice, not very long ago. Two men had been just friends. In an evil hour they quarrelled, and from violent words they came to daggers' points, but used no daggers. They did not speak, and had not spoken together for years. Mutual friends had tried the arts of reconstruction in vain. They were avowed enemies for life.

The whole difficulty was purely personal, and the honor of neither was impeached either by the origin of the quarrel, or subsequent circumstances. Probably they were equally to blame; possibly not. No matter. One of them became a Mason after the estrangement, and it happened the other remained ignorant of this fact. One evening, he, too, was admitted into a lodge. Almost the first voice he heard, and certainly the first face he saw, was that of his enemy, who presided over the ceremonies of initiation, and was obliged, according to usage, to address him by the title of "brother." This was a most peculiar situation, and a severe ordeal for both.

After the lodge was closed, the apprentice sought the master, and without any preliminaries, the following colloquy ensued, commenced by the newly—mason:

"Are you a member of this lodge?" The reply was, "I am."

"Were you present when I was elected?"

"I was."

"May I ask if you voted?"

"I did."

"Now, will you tell me how many votes it requires to reject, in a ballot of admission?"

The Master answered, "One."

There was no more to say. The initiate extended his hand, which was warmly grasped by the other, and uttered with thrilling accents, deep emotion thrilling in his voice:

"Friend! Brother! You have taught me a lesson I shall never forget."

This is a little ray of Masonic light. No language is so eloquent as the silent trobbing of a heart full of joyful tears. Where this kind of cement is used in our moral edifice, should it not be enduring? Who can wonder that it is so strong?

## STATE NEWS.

On Friday last, soon after the arrival of the Swiss Emigrants, in this town, a couple of them were married by the Rev. A. J. Finlayson. Three other couples were anxious to marry, and we learn that their marriages took place soon after their arrival in Wilson. They had learned to court while on the "big Ocean," with the exception of one couple who left the old country for the purpose of marrying; their marriage being there prohibited on account of their difference of religion, the man being a Catholic and the woman a Protestant. Marriage under such circumstances is attended with great difficulties and considerable expense in Europe.—*Goldsboro Messenger.*

AFFRAY.—Just as we were going to press we learn that a couple of negroes employed on the farm of Mr. Edward Street near this town, had a serious affray yesterday, in which one of them was dangerously stabbed.—*Ib.*

All of the Immigrants, sixty-two in number, which arrived here on Friday evening last, have been distributed. The main bulk found homes in the counties of Wilson and Edgecombe; eight were sent to Mr. P. Murphy in Sampson, and about six or seven were retained in this county.—*Ib.*

ELECTION OF PROFESSOR.—The Rev. George T. Gilmer, of North Carolina, was on Saturday elected Professor of Belles Lettres and Moral Science in William and Mary College. Mr. Wilmer is a brother of Bishop Wilmer, of Alabama, and is a gentleman of fine attainments. The appointment is a most excellent one.—*Richmond Examiner.*

THE RADICAL NOMINEE.—We learn from a private source, that the Radical Convention, which met in Louisburg, yesterday, succeeded in nominating P. B. Hawkins, Esq., who has gone over, "horse, foot and dragoons," to the Reds, as a candidate for the vacant Senatorship. Some of the Wake delegates are reported to have gotten into pretty warm water with their Radical brethren of Franklin, as it is said that one, at least, availed himself of the length and speed of his shanks to bring his carcass out of the range of three pistols that were brought to bear on him at once.—*Rad. Sentinel.*

A sight it was indeed, to behold, on yesterday, in Tucker Hall, a northern negro reading the North Carolina (Mecklenburg) Declaration of Independence. But, to do the man justice, it must be said, he beat Josh Andrews all hollow. Josh read very badly indeed—just like he had his mouth full of mush, and so very indistinct was it that he could not be heard a few feet from the stage.—*Ib.*

Special dispatch to the Baltimore Gazette.

### Important News from Cuba—Success of the Cubans.

WASHINGTON, July 3.—The news from Cuba is of a most important character. The Cubans have regained possession of the Cinco Villas district, while General Jordan has driven the Spaniards from Los Tunas and the Puerto del Padre country. The loss of the Spanish forces is reported to have been very large, and the disaffection in the army and the contests between the volunteers and regulars have resulted in the almost complete annihilation of the Government forces in those sections of the island.

The attempt of De Rodas to carry out the policy of the present Government of Spain—that of "conciliation and promises"—has had the effect of dividing the volunteers into two factions. Those volunteers who have given in their adhesion to the De Rodas Government, and have surrendered important military positions,—forts, arsenals, &c.—and thus placed them under the control of Spanish troops, are denounced as traitors by their former comrades, and are pursued with more enmity than even the Cubans who are in insurrection.

General Jordan has been placed by the Cuban insurgents in command of the eastern department of the island, and it is reported that he has made several visits lately to Porto Rico, and that there is a large organization in that island ready to revolt at any moment. Sympathy for the Cubans is said to pervade the population of the whole island.

## SPECIAL NOTICES.

### Conclusive Evidence in favor of Hostetter's Stomach Bitters.

W. H. Reese, a leading druggist in Monticello, Ill., in a letter of June 6, 1868, writes to this effect: "Having sold Hostetter's Bitters for the past four years, I cannot but speak of the article as being the best *tonic* and *appetizer* extant. During the ague season of 1865—6 I could not keep a sufficient stock on hand to supply my customers. In fact your Bitters was *as staple as quinine*. I learn that physicians prescribe it all over the western country. Indeed, a great many families *think they are not safe* without your invaluable tonic."

J. K. Witherspoon, Esq., a magistrate of Kershaw county, S. C., states, under date April 13, 1868, that he has used the Bitters constantly in his own family for the previous two years. He first tried the preparation when suffering from exhaustion produced by a severe attack of fever. Before the first bottle was finished he experienced a remarkable change for the better. He had tried brandy at the outset, but found that did him more harm than good. In one month from the time he commenced using the Bitters his health, strength and appetite were restored. He had recommended the article to others in like circumstances, and never known it to fail, and had found it a perfect specific for chills and fever.

Mr. Samuel Young, of Clarion, Pa., under date April 6, 1868, certifies that he was completely cured of "one of the most distressing attacks of dyspepsia that ever afflicted any mortal," by three bottles of the Bitters, after various other remedies had proved powerless." Restored to perfect health, he thanks "that excellent preparation for the result."

Dr. G. M. Spencer, of Bush Creek, Perry Co., Ala., writing thence Feb. 9, 1868, says: "I have used your Stomach Bitters for several years in my practice, and find them superior to most of the Bitters now prescribed by the profession generally."

SPECIAL ATTENTION is called to the condition of back lots, alleys, stables, privies and cellars in certain portions of the city. All such places should be kept thoroughly cleansed especially during the sickly season. It will cost but little of trouble or expense and may save much to our health and purses. It is earnestly recommended therefore, that all accumulations of offensive matter within or near the city limits be promptly removed. And it is hoped that in a matter of such vital importance a mere suggestion will be sufficient, without a resort to compulsory measures. Considerations of duty to ourselves, our families and neighbors should prompt such action at once as to quiet all apprehensions on the subject. Should there be cases however, requiring the attention of the police, it is requested that they be reported to the marshal.

The following New Advertisements appear in this morning's issue:

List of unmailable letters at P. O.

There was quite a number of strangers in the city yesterday, who have come to attend the grand Masonic Bazaar.

Among the North Carolinians who graduated in the various Schools of the University of Virginia, we see the name of our young townsman, George E. Wilson, son of J. H. Wilson, Esq. Mr. Wilson graduated in the School of Moral Philosophy. The standard of scholarship is much higher at this Institution than at any other in the United States, and a Diploma is therefore the more to be prized.

RAILROAD MEETING.—The annual meeting of the Stockholders of the North Carolina Railroad will convene in Salisbury to-day. The big fight between Holden and Harris will come off immediately after the organization is perfected. The Governor, "so-called" went up Tuesday, and like a skillful General encamped on the battle-field in advance [illegible] will give "his Excellency" quite a hard tussle, as he has the constitutional sanction and Legislative requisition.

THE WEATHER.—There has been quite a change in the temperature of the weather. Yesterday was quite pleasant; a cool breeze was perceptible all day. The ground is parching dry, though the crops are not suffering yet. But the corn is so full of sap that it will not be able to resist a long dry spell. At this writing, it was never more promising.

MAYOR'S COURT.—Yesterday, his Honor had before him quite an interesting case. Several citizens of Mechanicsville complained that on a vacant lot belonging to Wm. E. Phifer, Esq, there was a large hole filled with stagnant water, which was a nuisance, and prayed his Honor to have it abated. Mr. Phifer proved that the hole was, some 20 years or more ago, used as a brick-yard, and at the time when it was so used and up to very recently, annoyed no one, and that the people had settled around the mud-hole, knowing that it was there, and as the city had extended its corporate limits on his ground, of its own free will and accord, consequently, if the citizens wanted the hole drained, they or the city should do it, free of expense to him. The Mayor decided it to be a nuisance, and ordered Mr. Phifer to have it removed.

No other case was before his Honor yesterday. The city is very quiet, and so well do the Police discharge their duty that a riot is unheard of, and very seldom are depredations committed on premises within the city limits.

The correspondence which we insert below, between Col. Wm. Johnston and Jas H. Orr, Pres't of the Independent Fire Co., speaks for itself. Col. Johnston's liberal and commendable example should be contageous.

Charlotte, June 19th, 1869.

JAS. H. ORR, ESQ., President Independent Fire Engine & Hose Co.

*Dear Sir*:—Seeing the commendable efforts of the young gentlemen of this city to fully organize and equip the "Independent Fire Engine and Hose Company," and appreciating the protection and blessings to all classes of a good and efficient Fire Department in every city, I beg that you will accept the enclosed fifty dollars in aid of the commendable purposes of the Company, to be applied as its members may deem proper.

No citizen of the town, whether he owns a house or a piece of furniture, can be indifferent to the efforts of your Company to protect him or her in peace and quiet, and from loss by fire. You and your voluntary associates devote your labors at any and all times of the day or night to the protection of all around you, to the security of property, families and lives without any reward save that of doing good to the community in which you live. Such devotion is commendable in the highest degree, and should be sustained by all good citizens. I have always regarded one well organized Fire Company as of more value to a community than a dozen Insurance Offices. The tendency of one is for profit to make partial compensation for actual losses, while the effect of the other is voluntarily to save and protect from actual loss, with all its concomitant evils.

Trusting that you will meet with the liberal support of the citizens, and that your commendable efforts will be crowned with success, I am,

Very truly,
Your friend,
WM. JOHNSTON.

CHARLOTTE, N. C.
June 21, 1869.

COL. WM. JOHNSTON,

*Dear Sir*—Your communication inclosing a check for fifty dollars was received.

The interest which you manifest in our company is highly flattering.—We have had much to contend with since the organization of our company, from the very fact of the want of interest manifested in us by the property holders. I am aware of the fact that Fire Departments in other cities are paid. We do not desire pay, but, as a matter of course, there are necessary expenses in keeping up the organization, keeping the machine in order, &c.

My company is composed of working men who are not able to contribute as is necessary, and I trust that this liberal contribution of yours is but a beginning of encouragement from our citizens.

I would state, that my company numbers fifty-seven active members, forty-six of whom are uniformed; our engine is in good order but our hose are old and indifferent.

Again accept our thanks, and believe me very truly,

JAS. H. ORR,
Pres. I. F. Co. No. 2.

Omitting ordinary news, and avoiding partisan controversy, both political and sectarian, the JOURNAL will be devoted to general literature, to science, art, and education, and to the diffusion of valuable information upon subjects of public importance. It is intended to make use of all sources, original and selected, domestic and foreign, which can give interesting reading to its pages; and neither exertion nor expense will be spared to secure the aid of the best talent of the time. We abstain from the large professions and the parade of conspicuous names so common on these occasions, and, trusting to the intelligence of the people, shall be content to let the Journal speak for itself.

The department of literature will embrace:—

Fiction, in the form of both Serial Novels and short Stories;
Essays upon Literary and social Topics;
Sketches of Travel and Adventure;
Discussions upon Art, Books, and Kindred Themes;
Papers upon all the various subjects that pertain to the pursuits and Recreations of the People, whether of Town or Country; and
Poems by our Foremost Poets.

Illustrations will form an important feature in the plan of the JOURNAL. Nearly every number will be accompanied by either an

Illustrated Supplement on some Popular Theme, a Steel Engraving in the best style of the Art, or a large Cartoon Engraved on Wood.

No. 1.—*Contains a Cartoon of the Grand Drive in the Central Park, a Spirited and Animated Scene.*

No. 2.—*Contains an Eight-Page Supplement of Underground Life and Mining, with 10 Illustrations.*

No. 3.—*A Steel Engraving of Noon on the Seashore, from a Picture by Kensett.*

No. 4.—*An Art Supplement, containing New York Interiors, with 13 Superb Illustrations.*

No. 5.—*A Superb Cartoon of the Levee at New Orleans.*

Novelty, freshness, and continual change will be aimed at in this department. The illustration will usually be valuable as works of art; those on steel, and the Cartoons, Consist of Views of American scenery, by our most distinguished painters, and illustrations of character and life, by our foremost draughtsmen. *They will be printed with extra care on separate sheets*, and may be either bound in the volume at the close of the year, or framed to hang upon the wall. *The JOURNAL, in this feature, will be unlike any other.*

ROCKBRIDGE ALUM SPRINGS, VA.,

OPEN MAY 15th.

This favorite and celebrated summer resort is now in complete order for the reception of guests. Some important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed any where in Virginia.

The remarkable medicinal and curative power of the water is well known to the medical profession and to the springs going public. As an ALTERATIVE, A DIFFUSIVE STIMULANT, AND TONIC.

There is no known mineral water equal to it. In all chronic conditions of the system, and broken down states of the constitution, loss of appetite, and general nervous prostration, its powers and virtue as a restorative may be safely pronounced to be without a known rival among the mineral waters of the world. They are ESPECIALLY INDICATED in the whole class of ailments peculiar to the female constitution.

The Proprietor will have provided for the Ladies and Ball Room a first-class BAND OF MUSIC, and in general, all the sources of amusement and recreation, usually found at our best summe resorts, will be at the command of the guests at Rockbridge Alum.

The place is within 11 to 12 hours of Richmond, Washington, Baltimore and Lynchburg, by rail, AIR IN DAYLIGHT. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road at only eight miles, set down the visitors at the Springs to tea.

The Rock bridge Water, put up in GLASS, containing ALL its medicinal qualities can be had at the well-known Drug houses of

JOHN H McADEN, *CHARLOTTE, N. C.*
WILLIAMS & HAYWOOD, *RALEIGH, N. C.*

who will furnish on application, pamphlets containing the analysis of the water, and letters from eminent physicians, with a few certificates out of many of the wonderful cures made by these waters.

CHEERING SUCCESS.

LARGE DIVIDEND OF INSURANCE.

The Piedmont Life Insurance Company, of Virginia, has

DECLARED A DIVIDEND OF

FORTY PER CENT.

on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to effect loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed it proper to hold a surplus beyond the reserve fund.

The company is now only in the *eighteenth* month of its active operation—yet

HAS ISSUED 3,000 POLICIES

which is a success really remarkable, and far ahead of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and the

ITS SUCCESS.

PARLOR HEATERS,

*S. B. SEXTON'S CELEBRATED*

PATENT BALTIMORE PARLOR HEATERS AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking* and *cooking*. We have Stoves to take in *long wood* and with *large coals*, and are *superior Stoves* for *baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 70 hours with once filling.

Thankful for our friends and the public for their past favors, we solicit a continuance of their patronage.
